TOPI Donates to The Mareda Center and Bethany House

Toledo, OH – Tuesday afternoon TOPI (Toledo Physicians of Indian Origin) stopped by The Mareda Center and donated \$12,500 each to The Mareda Center and Bethany House.

“When a local non-profit receives a gift of this size, it is an immense blessing because you can leverage those dollars to use it to initiate a new program or add a new spark to current programs. It is a tremendous gift and we are so thankful and honored to be one of TOPI’s first recipients.” States Allison Perz, Director of The Mareda Center.

TOPI is a 501(c)(3) organization founded in 2018 by a dedicated group of individuals committed to unify physicians of Indian origin and raise money for local area nonprofits. TOPI wanted to give back to the local community that has given so much to them.

The Bethany House is a long-term shelter for victims and their children who are escaping domestic violence in Northwest Ohio.

The Mareda Center is an education and outreach center that provides life-changing experiences rooted in principle-centered values for the families of Moody and Regina Manors.
